

Health Guarantee

The puppy sold is guaranteed to be a healthy and free from and congenital defects that may permit the pup from living a normal life. We do not guarantee the temperament or disposition of the dog, as these characteristics are majority developed by the dogs environment, socialization, and treatment given by the owner and other family members. This guarantee does not include: over or under-bites or cryptorchids, unless this puppy was sold as a breeding or show dog. This puppy is sold as a Healthy Pet Only. This puppy is sold on a 7 day trial basis. Within 7 business days of pick up, delivery, or shipment to your location the puppy must be examined by your veterinarian. If dissatisfied with your puppy, and upon providing us with a written explanation from your veterinarian defining the medical condition, you may return the puppy for a replacement puppy of equal or lesser value immediately or when there is an exchangeable puppy available:

- The return of the puppy is required within three days of notifying us of your intent to return.
- When returned, the puppy must be in the same condition as when picked up, delivered, or shipped to your location. Any evidence of neglect will result in the forfeiture of the option to receive a replacement puppy.
- The purchaser of the puppy is responsible for all veterinary charges and shipping costs. The sale of this puppy is considered final if we are not contacted within the initial 7 day trial period.

Hereditary Orthopedic Disease: This puppy is guaranteed to be free from hip and elbow dysplasia until 36 months of age if the stipulations listed below are met.

The pup must be OFA tested by Age 2 or have a preliminary testing done by age 1 through OFA.

The OFA (Orthopedic Foundation for Animals) will be the sole determiner.

In the case of suspected orthopedic disease, buyer's veterinarian must submit the appropriate x-rays to the Orthopedic Foundation for Animals (OFA) at the buyer's expense for a final determination.

Hereditary Eye Defects: This puppy is guaranteed to be free from Progressive Retinal Atrophy, until 24 months of age. A CERF (Canine Eye Registration Foundation) certified veterinarian must confirm Progressive Retinal Atrophy, and the puppy must have its eyes examined once a year.

Stipulations -

To be covered by our guarantee the following stipulations apply:

- Failure by the owner to spay or neuter the puppy by the time is twelve months of age voids all guarantees, unless agreement has been made for the puppy to be used as a breeding or working individual.
- The dog must not have sired or whelped a litter of puppies, until CHIC requirements are completed.
 - The dog must be owned by the person/persons that originally purchased it from TNT Cattle Dogs.
 - The dog must show no evidence of neglect, abuse, disease, fever, viral and bacterial build up, improper nutrition, injury or accidents contributing to nongenetic hip or eye defects.
- The dog must have been maintained at an appropriate body weight and condition.
 - The dog must have received appropriate basic veterinary care including vaccinations and parasite control.

Procedural Requirements - In the event of suspected occurrence of any conditions specifically covered in this guarantee, please follow the procedural requirements below:

1. Notify us by phone, mail, or e-mail.
2. Diagnosis of the condition must have been confirmed or made by a third party (OFA) or specialist veterinarian as described above or else by the buyer's usual licensed veterinarian.
3. The buyer will present TNT Cattle Dogs with written description of the condition from his or her veterinarian on letterhead.
4. TNT Cattle Dogs reserve the right to require the buyer's veterinarian to discuss his/her findings with the veterinarian of our choice.
5. To receive a replacement puppy, buyer must provide a letter from the buyer's veterinarian stating that:
 - A. The dog has been spayed or neutered (if over the age of six months).
 - B. Has received appropriate basic veterinary care such as vaccinations and parasite control
 - C. Is at an appropriate body weight and condition

Fulfillment of Guarantee:

Should all stipulations and procedural requirements described above be fulfilled, the buyer may choose to either:

- Return the dog to TNT Cattle Dogs at his or her expense and receive a replacement puppy of equal value as soon as one becomes available, or have puppy purchase price reimbursed when another litter has come available and the original pup sold has been returned.

If any of the above procedural requirements and/or stipulations are violated this guarantee will become null and void. This guarantee includes, but is not limited to the stipulations (examples) listed above. We offer no other guarantees or warranties expressed or implied.

“Due to the varying kinds of food and different environmental conditions the puppies come in contact with; and the fact that all puppies have immune systems that take time to mature, we highly recommend NuVet Plus® immune system builder to help them maintain optimal health.

We are so confident NuVet Plus will benefit your new puppy; we will extend this guarantee by 12 months. To qualify for this guarantee extension you must give your new puppy NuVet Plus, using the manufacturer’s recommended daily dosage, for the entire guarantee period. Failure to do so makes this guarantee extension null and void.” We also highly recommend you continue to give your pet NuVet Plus beyond the guarantee period to promote optimal health for a lifetime.
